WHY LIBRARY ANALYTICS?

Libraries generate rich data every day – but most decisions are still made on gut feel.
This dashboard turns 500 circulation records into clear, actionable insight.

Records analysed | **Branches** | **Cities** | **Book categories** | **Dashboard pages**

BUSINESS QUESTIONS ANSWERED

Which categories circulate most? • Who returns late? • Where do fines come from? • Which branch performs best? • Does distance affect returns?

KEY INSIGHTS & RECOMMENDATIONS

1 Circulation

176 of 500 records (35%) are returned, while 59 (12%) are overdue and 108 are currently issued.

2 Top branch

Central leads with 117 units (23% of network activity).

3 Fines

Total fine revenue is ₹3,418; ₹256 was waived. Average fine per fined record is ₹40.

4 Distance matters

Members living more than 6 km away return 31% of books versus 37% for members within 6 km.

5 Membership

Premium members show the highest return rate; Student plans carry the largest member base (37%).

6 Digital

E-books account for 32% of circulation – a strong base for remote lending.

Recommendations: send reminders 3 days before due date • offer home-delivery for 6+ km members • expand E-book catalogue • review fine-waiver policy

THANK YOU
